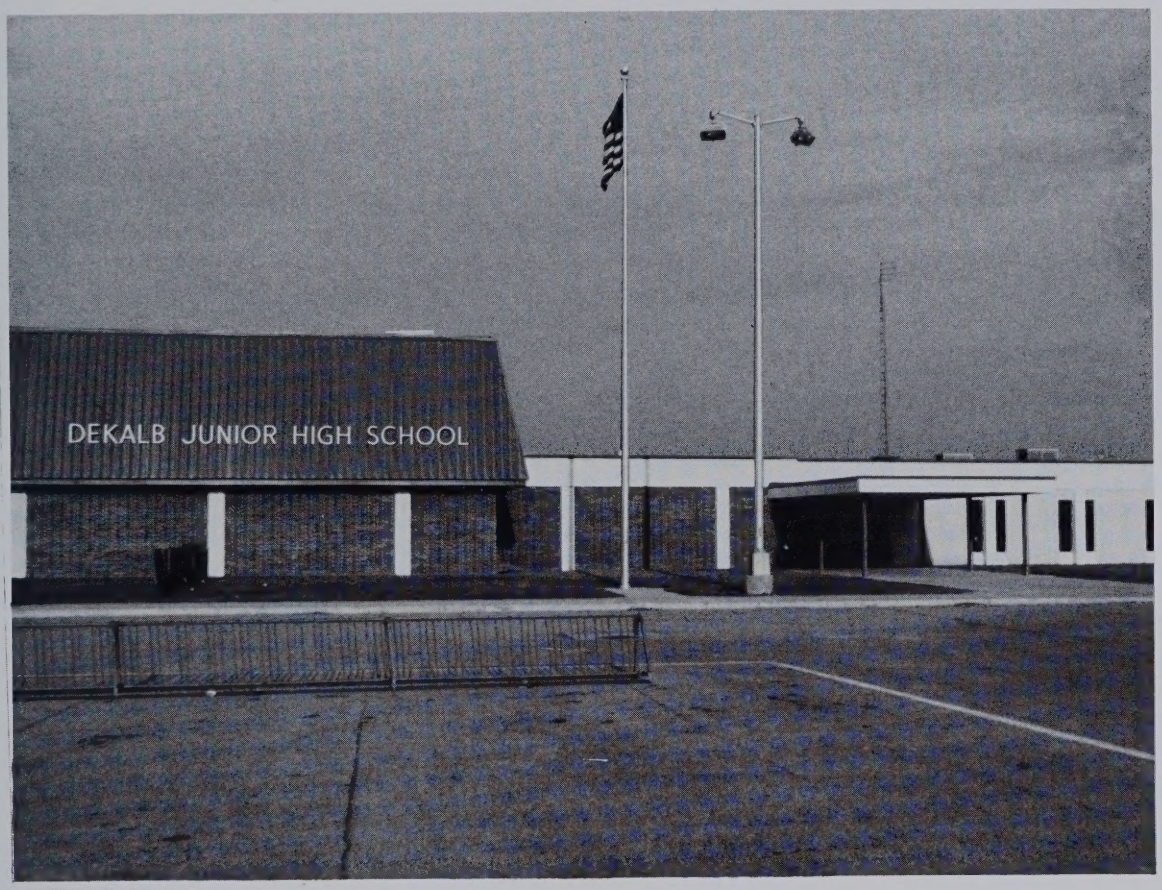
A Patriot Welcome From . . .



1982-83 — an unforgettable year! In the ever changing world outside the hallowed halls of DJHS, the space shuttle rocketed to and from the unknown reaches of space while a dentist's life was prolonged by an artificial heart. Inside DJHS, students changed and grew to meet that world — studying and learning academically, socially and physically while developing awareness and concern both for themselves and others. For some 82-83 meant the end of their educational journey through the halls of DJHS while for others the trip will continue. But for all, 82-83 meant a year of growth, experience and lasting memories.
